THE DPGA CLARION

Volume – XII

Mission

“We are committed to provide a holistic education based on new-generation academics that create not just powerful global career options for our students, but which empowers them to be come key contributors to the community and the environment in which they live. We strive to achievement-building through character-building, and we do so through an approach of mentoring.”

Vision

“To develop local actions to create global options”

Motto

“Truth we honour
Knowledge we cherish”

SCHOOL PHILOSOPHY

“Education is not a quest but a journey”: Dr. K.M.V. Pillai. This journey of life encompassing the entire world has its base in our educational institution, Dr. Pillai Global Academy. The two different poles, even though contrary not only intersect the knowledge & skills but also overlap different ways of thinking. Globalization leaves its footprints in every arena/area of the student development. Teaching & Learning are now equipped with new techniques involving interacting learning environment. These skills involve multicultural influences, inclusive societal structures & a pattern of interdependency. A student in this new world must grapple with 2 core facts of life: One, where he encounters immense competition & the other where he has access to infinite opportunities. These students must be equipped well to deal with the competition efficiently. Skills required for competing & critical analysis help them in their choices. Dr. Pillai Global Academy employs a unique approach to address this need, by making a paradigm shift from the textbook to the real world & labs. While skills & facts are important; the reasoning behind the facts makes for a subject of analysis. Thus, the ‘how’ & the ‘why’ gather much weight than the ‘what’. Dr. Pillai Global Academy focuses on developing the right attitude to face the challenges, learning & applying contemporary knowledge & cultivating a spirit of enterprise. As stated in the mission, Dr. Pillai Global Academy believes in an education that concentrates on a holistic development. An education that helps students imbibe, not only diversified knowledge, but also teaches them how to harness this knowledge to the new world. The school fosters critical thinking while at the same time emphasizing creativity. A positive environment is developed to complement the students’ positive attitude. Right values & morals are instilled amongst the student at the same time as self-confidence & self-esteem. To this end the school strongly believes in going beyond academic development by conducting numerous extra-curricular and co-curricular activities as well as field trips. The Philosophy is made operational through the implementation of different curricula & boards as they help in developing & cultivating the skills necessary for the 21st century.

The Introduction

From the Principal's Desk

As we have come to the end of another academic year and moved up one rung on the academic ladder, I'm sure many of you must be conducting a reflecting of your performance in academics and otherwise with a view to doing better in the coming year. For some the journey was smooth and for others it may have been bumpy, raising questions on one's capabilities. In this context, I would like to share with you a poem I recently came across, that inspires hope and encouragement for those who found the going tough.

This poem titled "Equipment" by Edgar A. Guest reassures that each one has the ability to do amazing things with hard work and perseverance. It is important to realize that the strength and courage needed to do great things lies within us.

Mr. Maurice Coutinho

Equipment

*Figure it out for yourself, my lad
You've all that the greatest men have had,
Two arms, two hands, two legs, two eyes,
And a brain to use if you would be wise.
With this equipment they all began,
So start for the top and say "I can."*

*Look them over, the wise and great,
They take their food from a common plate
And similar knives and forks they use,
With similar laces they tie their shoes,
The world considers them brave and smart.
But you've all they had when they made their start.*

*You can triumph and come to skill,
You can be great if only you will,
You're well equipped for what fight you choose,
You have legs and arms and a brain to use,
And the man who has risen, great deeds to do
Began his life with no more than you.*

*You are the handicap you must face,
You are the one who must choose your place,
You must say where you want to go.
How much you will study the truth to know,
God has equipped you for life, But HE lets you decide
What you want to be.*

*Courage must come from the soul within,
The man must furnish the will to win,
So figure it out for yourself, my lad,
You were born with all that the great have had,
With your equipment they all began.
Get hold of yourself, and say: "I can."*

Have a lovely vacation and come back with a renewed resolve to be the best, and you CAN.

Winning at the Global level – IGCSE students at the IB 'Festival of Hope'

DPGA again made mark at the Global level- this time with our IGCSE student Muzammil Siddique presenting at the IB event- Festival of Hope 'Festival of Hope' — a global youth initiative bringing together diverse voices and experiences from across the world — was organised in Mumbai on 31st May 2023, Wednesday under the theme 'How Technology Promotes Diversity, Inclusion and Equity' to celebrate the 'resilience, creativity, and determination of youth'. Twenty interactive presentations and impactful exhibitions were featured, illustrating how technology can revolutionise the teaching and learning experience, and inspiring the students to pursue new opportunities and make a difference. Muzammil Siddiqui, presented his idea on 'Sign Language Detection System' at the event that took place at the Ambani School. He was selected at the first place to present his idea amongst the 80 participants all across India. The event brought together esteemed dignitaries from the International Baccalaureate Organization (IBO), pan-India IB associates, educators, school principals, alumni, and students from across the country, to celebrate the power of hope and the transformative potential of technology. The event was graced by distinguished guests who shared their expertise and views. The festival drew 56 schools and over 250 attendees from all over India, all eager to participate in the interactive talks and engaging activities. The event was followed by an educators' meet with the director-general (DG) IB Olli-Pekka Heinonen, which was attended by 108 educators from across the globe. The educators congratulated our students Muzammil and Swastik and appreciated their teachers and the school for his first position as the best project and for his wonderful project.

International Yoga Day

The International Yoga day was celebrated with great enthusiasm and energy in DPGA, Gorai on 21st June 2023. The parents also participated with the students. The event opened with the morning school prayer followed by the information speech on the importance of Yoga by grade 7 students. All the students from grade 1 to grade 12 participated and performed the various Asanas under the guidance of our excellent sports team. The teachers of DPGA made sure of the smooth functioning of the event. Yoga helps to improve concentration, better functioning and works in the complete development of mind body and soul. This helps students to concentrate in their studies and helps to improve their overall physical and mental health. The International Yoga day became great success with the help of the entire DPGA team

Environment Week Activity

DPGA observed Environment Week 2023-24 from 19/06/23 – 23/06/23.

This year's theme was #BeatPlasticPollution". Students from all the sections participated in the program enthusiastically. The aim behind organizing this program was to create awareness among the students about keeping the environment clean and safe from pollution. Plantation and Recycling plastic was the main focus of the Environment week program. For the entire week many interesting activities were conducted which focused on Sustainable development.

Freshers' fiesta

Fresher's fiesta is a compassionate way of welcoming new comers. Our Jr. College students of IB & A levels welcomed the new students of the Early Years Lower with various activities, which the new comers enjoyed through the theme of 'Candyland'. The experience of training the tiny tots to perform dances, games and complex tasks was new, challenging and rewarding for the college students and they carried this out successfully, projecting extended skills. The surprise element of a dance performance by Early Years Uppers, added to their enjoyment. Our college students organised this activity in collaboration with the pre-primary teachers and their CAS supervisors.

Independence Day Celebration

The air was charged with patriotic fervour as DPGA celebrated the 77th Independence Day with a spectacular array of events and performances that left a lasting impact on all attendees. The school's premises reverberated with a sense of unity, pride, and gratitude as students, parents, and staff came together to commemorate this significant day in India's history. The celebration included cultural performances by students and parents, encapsulating the essence of unity, prosperity, and profound gratitude towards our motherland. An enlightening speech by Ma'am and the new national pledge by Sir, reminded the audience of the significance of freedom, unity, and progress. Performances by our young students from the Early Years too, truly reflected the essence of our nation. The following students were felicitated for their outstanding achievements. Students of IBDP: Sara Purohit & Talitha Ferro Swastik Paliwal & Anushree Ashok Siddhant Tupe for achieving the first, second and third ranks respectively. AS level: Rahul Pakala for scoring A grade in all the subjects Students of IGCSE: Ria Ghude, Siddhi Gogri & Shreshth Gupta for achieving the first, second and third ranks respectively. Parents of our school left us mesmerised with their dance performance that celebrated the spirit of our great nation, delivering a captivating display of their talents. The 77th Independence Day celebration at DPGA School was a vibrant amalgamation of patriotism and unity. The echoes of the national anthem reverberated in the hearts of everyone present, reminding us of the sacrifices and struggles that paved the way for our freedom. As the event ended, a sense of pride and responsibility enveloped the atmosphere, motivating us to uphold the ideals and values our nation stands for.

BookAru-Fest

"You can find magic wherever you look. Sit back and relax all you need is a book."

The BookAru Fest held at Dr. Pillai Global Academy from August 21st to August 26th, 2023, was an incredible and enriching experience for both students and parents. The event offered an exciting journey filled with a variety of activities aimed at improving language and literary skills. The Fest catered to students of all ages, ranging from Early Years to grade 12. These activities included engaging in rhymes recitation, quotes recitation, creating puppets, bringing characters to life through enactments, solving crossword puzzles, crafting play scripts, and participating in role-play scenarios. The central theme, "Heroes of literature: Unveiling Inspiring Literary Characters," added creativity to the Fest. By focusing on this theme, students had the chance to delve into the complexities of literary characters, confidently refining their language skills. The highlight of the BookAru Fest was to enhance students' abilities in listening, speaking, reading, and writing. Parents were extended invitations to join in the enjoyable language learning activities during the BookAru week, fostering a stronger connection between the school and families.

The Fest not only provided a platform for students to showcase their talents responsibly but also offered them an immersive experience with the magic of language and literature in an interactive and enjoyable manner.

Outside the Class Project

As part of their academic project and film review, our college students visited the Maxus cinema for a movie today.

IB Evaluation Leader

Proud to inform that Dr. Sharda Mam has been appointed by IBO on their team as an Evaluation leader for IB world schools globally. Hearty congratulations on your remarkable success, ma'am. Your invaluable expertise will not only contribute to the growth and success of DPGA, but your insights and guidance will undoubtedly benefit us in numerous ways, enhancing our overall effectiveness as a Cambridge and IB institution.

Janmashtami Celebration

Students learn through Indian culture and festivals. Today, the festival of Janmashtami was celebrated in the school in which students participated. Students were introduced to the ideals related to the life of Shri Krishna and values propagated by Him

DPGA Annual Day Celebration

DPGA Annual Day 22/12/23 Celebrating the Harmony of the 5 Elements of Nature

Annual day celebration at DPGA this year was a special occasion where students, teachers, and parents came together to showcase and celebrate the achievements and talents of our students.

It was a time for them to shine and be recognized for their efforts throughout the year. The festive atmosphere, colourful decorations, and the sense of community made the event a highlight of the academic year.

While this annual day brought a lot of joy and excitement to the school community, we were honoured to have Pratik Sehajpal, a distinguished individual in the field of acting and is a Big Boss 15 Ruuner - Up, as our guest of honour for the Annual Day. His presence undoubtedly inspired and motivated our students.

This year, our Annual Day celebration was inspired by the profound and captivating theme of the five elements of nature: Earth, Water, Fire, Air, and Ether. Each of these elements play a vital role in maintaining the balance of our environment, and we aimed to explore their significance through various performances and activities.

The vibrant festivities were unfolded on the picturesque grounds of Everglades. The choice of the venue, Everglades, with its natural beauty, complemented our theme perfectly and allowed us to create an immersive experience for students, parents, and guests. The performances were designed to reflect the essence of each element, showcasing the creativity, talent, and teamwork of our students under the guidance of their teachers. This special day was a promise to be a celebration of nature, creativity, and the community spirit of Dr. Pillai Global Academy.

Republic Day Celebration

On Republic Day 2024, our school organised a grand celebration marked by moments of reverence and patriotic fervour. The day commenced with a special prayer for the nation's well-being, reflecting our unity in diversity. The flag hoisting ceremony, recitation of the pledge, and cultural performances by students showcased our commitment to upholding the values of progress, prosperity, and cultural heritage. The event featured speeches highlighting the significance of Republic Day and the responsibilities of citizens, along with musical performances, prize distribution, and a nukkad natak emphasizing social issues. Overall, Republic Day was not just a celebration but a reaffirmation of our duty towards our nation's growth and harmony.

Our Students on Excursions

Model United Nations (MUN)

DAY 1 -Uniting Minds and Voices: A Journey of Diplomacy Begins Model United Nations (MUN) is a simulation of the United Nations conference with a main motto of 'Peace Keeping', where the students role -play as delegates of different countries and attempt to solve real-world issues in reference to the policies and perspectives of their assigned portfolio. With this motto, DPGA hosted a two day Model United Nations conference on 5th and 6th of February. The conference invited delegates from schools like Children's Academy (Malad and Kandivali branch), Singapore International School and Vibgyor Roots and Rise International School with a shared vision of diplomatic engagement and collaborative problem solving. The opening ceremony commenced with seeking the blessings of the almighty and lighting of the lamp. The captivating speeches during the ceremony inspired the delegates, setting the tone for the deliberations ahead. As the excitement reverberated through the halls, delegates dispersed into committee rooms. The delegates participating were mainly from grade 6 till IB. Each student represented a delegate of a country within the committees namely UNSC, ICJ, UNICEF, Marvel, FIFA and Harry Potter, each tasked with addressing pressing global agendas. With fervent debate and strategic negotiation, students delved into the complexities of their respective topics, navigating diverse viewpoints and forging alliances. Amidst spirited discussions and intense brainstorming sessions, the day culminated in the drafting of comprehensive resolutions aimed at addressing the world's most pressing challenges. Day 1 of DPGAMUN ended with delegates departed with a sense of accomplishment and buzzing minds aiming to prepare for the next diplomatic day.

DAY 2 - Celebrating Diplomacy and Leadership (Participating schools -Singapore International, Vibgyor Group and Children's Academy Group of schools) The second day of the DPGAMUN involved delegates to delve deeper into the agenda, engaging in passionate debates and collaborative efforts to draft resolutions aimed at addressing pressing global issues. The delegates demonstrated exemplary teamwork and resilience, showcasing their ability to find innovative solutions and forge consensus in the face of adversity. The chairs and co-chairs diligently assessed delegates based on a standard rubric, ensuring fairness and accuracy in their evaluations. To ensure a lighter note, the day was filled with some motions for entertainment and some memorable confessions by the end of deliberations which led to a great unity and stronger connections. The conference ended with a closing ceremony, where delegates were recognized for their exemplary performance and conference with certificates by the heads of the school. With happy faces and a renewed sense of purpose, delegates dispersed with a more focused outlook on global issues and the power of diplomacy. The DPGAMUN conference served as a platform that honed communication skills, analytical understanding and critical thinking of each delegates and even acted as a spark for the formation of enduring friendships and a sense of global citizenship.

IGCSE Orientation

Excellence in education has always been motto of DPGA. Adhering to the same, IGCSE orientation was conducted on 10th February 2024, Saturday at 9.15 am for grade 8, Checkpoint students, to brief them about the IGCSE Programme and subject selection for the same. Invitation for the same was sent with a link for addressing the questionnaire; parents will like to be addressed for the orientation. Presentation was put up for students and parents giving complete information of the IGCSE programme and subject groups as mentioned by IGCSE, Cambridge programme. Queries of parents were also answered as we had received the queries from the ward. After presentation, also queries were taken up and talked about. Subject selection Counsellor and IGCSE coordinator also addressed the session.

Parents were informed that the last date of subject selection is 22nd April 2024. Till then students will be oriented subject wise by the facilitators once they begin with the IGCSE programme. For any more queries they have to take prior appointment of any subject facilitator or IGCSE coordinator they will like to meet. After the Orientation, many parents who met the facilitators thanked them for the information. Other parents also had one to one discussion with the facilitators.

Checkpoint Orientation

On Saturday, 10th Feb, 2024, DPGA conducted the annual Checkpoint Orientation Program for families of students moving from grade 5 to grade 6 parent. The Orientation included a detailed overview of the Cambridge Checkpoint objectives offered under various subjects. Parents were also updated with the Cambridge curriculum and the methodology. Cambridge assessment structure and format focused on students' transition from each stage of Cambridge pathway and how each stage will build up on the learner's development from the previous. Importance on Learner attributes with development of students' life skills was further highlighted, towards preparing them for the future pathways. Parents also got a clarity on the importance of Cambridge Checkpoint examinations that is held after the end of the 3rd year of checkpoint, that is grade 8, and receive a Statement of Achievement along with a detailed analysis of the child's performance on each subject.

Vita Athletics

"The more difficult the victory, the greater the happiness in winning." – "Greatly said by — Pele. It is correctly said "Champions of Wits, Masters of Sport" DPGA celebrated Vita Athletics on 23rd February 2024 a day filled with fervour and excitement experienced amidst thrills, shrills and cheers. It comprised of various events wherein the students showcased their skills and sportsmanship. The displays made way for the highly awaited athletic events where competitiveness among the students soared. The event was graced by our Honourable chief guest Ms. Apoorva Manda, Assistant Director, Sports Authority of India. She represents the Ministry of Youth Affairs and sports. She was accompanied by the guest of honour Mr. Padmakshan Padmanabhan, former chief instructor with the Indian Navy & our MES Sports Director. The games organized for the schools saw an impressive participation from various neighbouring schools. Students departed with clear smiles on their faces. It was a day filled with sportsmanship, enthusiasm and memories to cherish. We look forward to Vita Athletics next year with the same spirit.

Mathoscope and Scintillation

Theme: TECHNO-MANIA Date: 24th February 2024 Aimed at reinforcing the maths and science concepts and also having a futuristic vision of these subjects for the next year in academics, this year's 'Mathoscope and Scintillation' event embarked on a journey through the realms of technology, showcasing innovative projects, robotics models, and engaging activities designed to inspire curiosity and creativity among students. From exploring the depths of the underwater world to reaching for the stars with Chandrayaan 3, this exhibition celebrated the fusion of science, math, and technology in shaping our future. Robotics: Students presented their meticulously crafted robotics models, demonstrating the integration of technology and engineering principles to solve real-world problems. From blue tooth cars to smart blind sticks, each model showcased the advancements in robotics technology. Underwater City Display: One could dive into the imaginative underwater city display, where students illustrated their vision of sustainable living beneath the waves. Underwater cities were connected to the outside world through advanced communication networks, including underwater fiber-optic cables and satellite links. Submersible vehicles and high-speed underwater transit systems enabled efficient mobility within and between underwater settlements, facilitating commerce, recreation, and cultural exchange. Math and Science Projects: Students exhibited their math and science projects, showcasing their understanding of fundamental principles and their application in practical scenarios. We also stepped into the world of space exploration with a captivating presentation on Chandrayaan 3, the latest mission by the Indian Space Research Organisation (ISRO). Students, parents and teachers discovered the challenges, triumphs, and scientific discoveries of India's lunar exploration program. We all experienced the thrill of space exploration first hand with working models of Chandrayaan 3 spacecraft. One could also witness the intricate mechanisms and technology that enabled the spacecraft to navigate through the cosmos and unlock the mysteries of the moon. Engaging interactive games like musical chairs crossword, puzzle wheel challenges, and puppet shows, were designed to stimulate cognitive abilities and foster teamwork among participants. Additionally, a book stall offered a diverse selection of science and math literature for enthusiasts of all ages. Fashion Carnival and Techno Dance: This event allowed us to celebrate the fusion of technology and creativity with a fashion carnival showcasing wearable tech designs crafted by students. Everybody grooved to the beats of techno dance performances, highlighting the synergy between art, music, and technology. Art: Students created artworks utilizing mosaic techniques and cubism style art, as well as portraits of scientists and mathematicians using cubism, demonstrating a combination of art, math, and science.

The Science and Math Exhibition offered a captivating journey through the realms of technology, encouraging students to explore, innovate, and envision a future driven by scientific inquiry and mathematical prowess.

InterKFA Football Tournament

Hearty Congratulations to Anaisha Mehta of Grade 4C. Anaisha got the Outstanding Performance award (Man of the Match) under the 11-category InterKFA Football Tournament.

Jr. College Orientation

Jr. College orientation on 9th March saw 5 different presentations from these presenters.

-IB Diploma programme, -As/A levels -AICE Diploma programme -Integrated courses and -UK program for graduation from the University of Hertfordshire.

This orientation gave a lot of clarity on the difference between these courses and the significance of different aspects related to each. At the behest of parents, the school has reopened the scholarship/concession link of registration until 16th March, since the preliminary course starts mid-April. Followed by the presentation, we saw many more parents applying for admissions. DPGA is proud of its new venture with a college degree as well, which will allow our students to continue after Grade 12 in India and still get a college degree from UK. Further information on this course will be given during our subject workshops.

Farewell

Students of Dpga always fair well in every walk of life with the knowledge, skills and competencies they are equipped with. On 9th March 2024 students witnessed another such event where IB 2/IB 1, AS/A level as well as IGCSE students came together. The event was combination of farewell for IB2/A level and get together for Gr 10 IGCSE students. The event was celebrated with great fervour. The main attraction of the event was prayer song, words of wisdom from management, dance performances and games. Parents as well as students along with teachers enjoyed the event. The best of all, was students in graduation robe receiving certificates. Caps in air with the jump by our students, a lifetime moment was captured by all with a round of applause. Everyone relished the food after the programme.

Nationally Published Young Author

Hearty Congratulations to Mast. Mayansh Vanjara of Grade 3A, Who received the "Nationally Published Young Author," "Platinum Star Young Author," and "Best-selling Author in the State and School" certifications from BriBooks for his book THE LOST U.S. DOLLARS (ISBN: 978-93-5765-650-4).

Metamorphosis and Graduation Day

"Do the best you can until you know better. Then when you know better, do better." — Maya Angelou

This year our Early Years Lower, Middle and Upper celebrated Metamorphosis and Graduation Day together on 13th April 2024 with an added enthusiasm and ecstasy. The event included a mixed composition of different dances, skits & music along with our enthusiastic parents' Ganesh Vandana dance without which the program would be incomplete. The program was exciting where one could see the enthusiasm and excitement not only amongst students but also with teachers and parents. The most important part of the day - Graduation Day started with the students who were adorned in convocation capes walking the stage. Their smiling faces were welcomed by rapturous applause from the audience as they received scrolls of merit.

Poem - Men in Blue

Recitation By Niva Kunvaria 4D

Author - Niva Kunvaria

Don't lose hope, Men in Blue,
In victory or loss my support is with you.
You may have lost the World Cup, but you won my heart,
Ten games in a row, how fearlessly you fought.
Loss will hurt, like a ball well bowled,
But your spirit, never to be controlled.
In defeat, you taught us life's real art,
That true champions emerge from the bravest hearts.
With every ball bowled and every run chased,
In our hearts, your efforts are forever embraced.
Every Indian is happy when batsmen play good cricket,
And everyone cheers when bowlers take wickets.
In the blood of Indians, cricket is there,
It's a madness, that we all share.
Everyone knows you'll fight back,
And play like a fearless wolf pack.
Revive your spirit, let it burn bright,
Play and win with all your might.
Men in Blue, win the T20 cup and more,
Make us proud and make us roar.

Poem - Dear daughter, don't grow so fast

Recitation by - Samir Kunvaria Author - Samir Kunvaria

*Tears rolled down my eyes when nurse placed you near
A decade has flown, you stand so tall my dear
Your laughter, a melody, filled our home with pure delight
Now, with your wisdom, your spirit shine like a radiant light
Those innocent eyes filled with wonder at each new sight,
Now it sees a new world to embrace with all might
Your tiny hand held mine as we walked through the park,
Now you lead the way, with a confident spark
In your tender years, I read tales to sow the seed,
Now lost in novels and fantasies, your mind is freed.
Your dreams were of castles and of magic wands,
Now you dream of the future, crafted with your own hands.
First day of your school, you held me so tight
Today you make plans with friends to see the world so bright
You babbled in sweetness, in your own charming style,
Now you write your own book, making the world smile
Dear daughter, how swiftly you've grown,
In the blink of an eye, how time has flown.
So many stories to be told, so many memories to make that will last.
Please stay little and innocent, dear daughter don't grow so fast*

Poem - Orion's Call

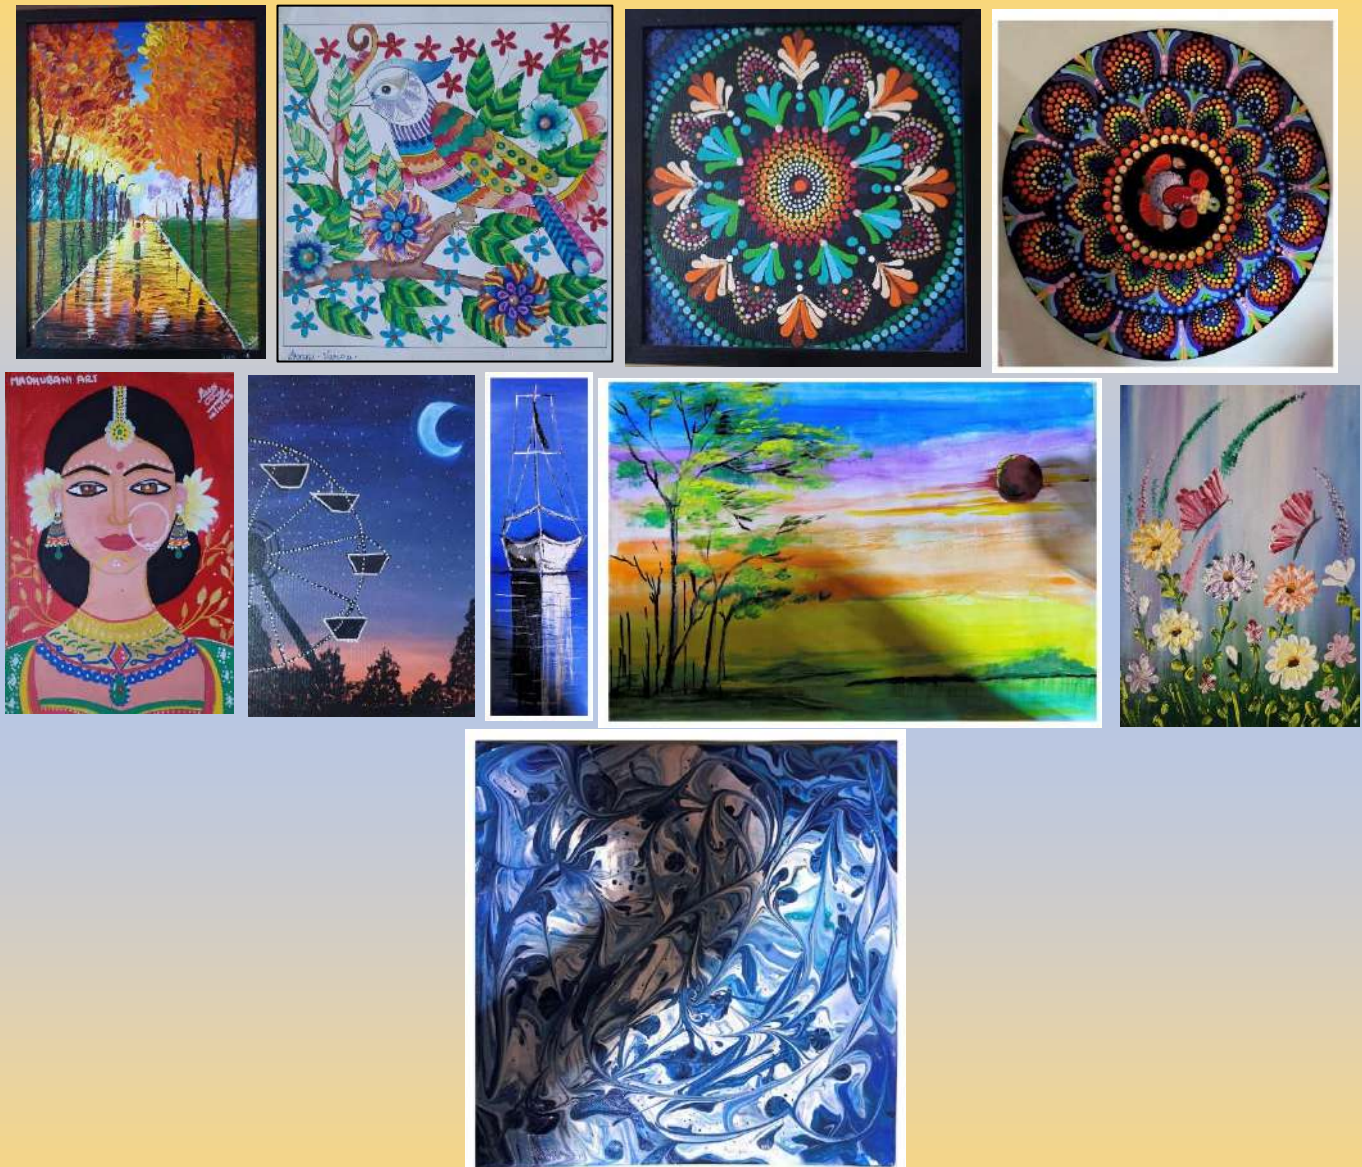

As the stars flowered upon the evening ether,
And the moon illumined fair Andromeda's face
Orion called to me, in a hushed, godly whisper,
So toward him I trod, in lovely moonlit grace!
We paced round heaven, and like starry spirits moved,
Of my humanity, no one could ever tell!
Until my mortality, did itself come prove,
And I like Icarus, into nothingness fell!
Then, as though a corpse, I stared at Orion above
Never could I be, as unwavering as he!
Nor could my sinner heart, who had but loved, and loved,
Although its music sweet, would one day cease to be!
When came that day, the moonbeams buried me to sleep
My spirit fled its skin, its damned purgatory!
Starlit Orion, then dropped his weapons, and did weep
"The fruits she laboured, all for mortality?"
No, Orion! - For my skin shall bloody roses birth,
I shall be the lover, to this sad, forlorn Earth!
Why must mortality be so sickening,
If death is to become my new beginning?
The Door Left Ajar Perhaps I left the door ajar
When underneath the dusk of innocence
For Destiny's Dacoit who kissed my scars,
Thieving me of my lovely childhood, hence!
Perhaps I left the door ajar to the winery and garden within
The liquor of love, taken much a far
Eventually, love became a sin Perhaps I left the door ajar
To the class of justice so very neat But she did leave no marks
On the skins and scabs of her prideful fleet
But, did I leave the door ajar, when underneath the dawn of misery?
For Destiny's Dacoit never came to thief so far my fear, yes, and my agony!
Tender Pleas Once, of mighty Heaven I asked for tender home
As reason I said, "Lord, I seek not living but life!"
Blessed then him, that my heart shall become my a bode,
Where I, mother to beauty, hence, to sorrow, wife!
Once, of cruel Love I asked for only night's stay
As reason I said, "I look to weave what is shred!"
Whispered then she, for so, she has to take me away
And let her continually, my soul both heal and mend!
Once, of tragic Hope I asked for only day's refuge
As reason I said, "I need a healer for body, for mind!"
Laughed then she, of how truth she couldn't refuse
But told me she was agony, how wrongly thought of as kind!
Alas, before I could, asked death to me of forever
As disguise, I said, "Why question an unloved person?"
He said to me shyly, finely, that I were now to be his lover
And with him, then, I found a place that was mine of certain!

ISRO MERI JAAN

ISRO MERI JAAN
I am a pro because I like ISRO
And space is my bro.
Bhart Mata ki jai ho.
Chandrayan-3 ho gaya land
Chandrayan-3 ho gaya land.
Vikram lander, Pragyan rover
India is the first country to land on the South Pole of the moon
All the scientists worked hard for four years this time we
were successful. Chandrayan-2 tha success based model pe but ho gaya
fail. India laya Chandrayan-3 jo tha failure based model pe
based or ho gaya successful.
ISRO can beat SpaceX because we have RLV-TD.
Its every mission will be successful like Gaganyaan, Shukryan
, Mangalyan-2, Aditya L-1.
GSLV mark-3 he sabse pro
Bahubali rocket of ISRO.
I am a pro because I like ISRO and space is my bro.

Poem - Save our Earth, Save our Future

"Save our Earth, Save our Future"
Trees gives us shelter, Trees gives us oxygen.
Earth is our mother, don't pollute it.
Earth is dying, because its not green.
Leaves are crying, because they are dying.
Trees are precious, preserve them.
Water is a treasure, reserve it.
Let's save it all, by becoming strong ranger.
How can we save it? Just think of it.
Let's save our Earth from global warming.
Make green today, make green tomorrow.
Grow more trees, Grow more trees,
reduce pollution and make her a queen.

Poem - Friendships and Tiffins

Friendships and Tiffins
In a world of laughter, play, and cheer,
Kids gather around, tiffins near.
With Burger, Nachos x and Aloo Paratha in sight,
We share our food, it feels just right.
"Here's my Burger, try a piece!"
Says Jishan with a smile so nice.
"Have some Nachos, too,"
Veeraj shares, so good and true.
We swap and trade with happy glee,
Bonding with friends, it's plain to see.
But parents' words we must recall,
For our safety, one and all.
"Sharing's nice," our parents say,
"But from strangers, turn away.
Take care when you're on your own,
Your safety's where the seeds are sown."
They share their stories, parents do,
Of how they made friends, and it's true,
Over meals, they laughed and talked,
Building bonds, no friendships walked.
So while we share with friends we know,
In our hearts, these lessons glow.
We'll keep in mind what parents said,
Stay safe, make friends, and break no bread,
With strangers when alone, instead.

Poem - Save our Nature – Save our Future

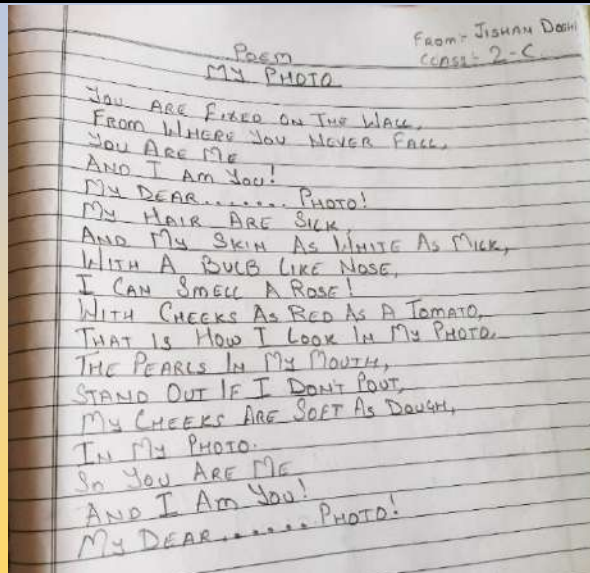

Poem - War and Peace

"War and Peace
Both have existed for a long time
One is sweet like sugar
But other is sour like Lime
End this war; bring up peace
Do as you are told
And the result will be more than gold...
This is not right
Stop this battle
End this fight
A war leaves a country torn
If you continue this, a rival is born...
Resolve this fight
And the future will be bright
Everything will be fine
Nothing out of line
So bring out the dove
Choose peace and love...
War and Peace
Both have existed for a long time
One is sweet like sugar
But other is sour like Lime..."

NEW VENTURES

Cambridge International Teachers' Training Institution

Proud to announce our new venture at DPGA Gorai Cambridge International Teachers' training institution-which will help us transform professional learning for practising teachers and leaders. With this new Cambridge centre, we aim to provide international benchmarks for professional learning. We toiled hard for over one year to achieve this benchmark authorised by Cambridge. We are now one of the very first schools in India to start this new 'Teachers' training' course endorsed by Cambridge.

Kids MBA

Kids MBA (2024-25) - Nurturing entrepreneurship thinking through school life.

As many as 85% of the jobs that will be available in 2030 haven't yet been invented. Entrepreneurship will help the next generation seek the opportunities provided by both new technologies and globalisation.

Kids MBA at DPGA is a ground breaking program that develops real world business and entrepreneur skills in children from grade 6. It is designed to be delivered around the topics of an adult MBA. The program is fun and engaging whilst introducing students of grade 6 to 8 to all the aspects involved in running a business. Kids MBA encourages our students to use their natural creativity to think about opportunities and challenges, and how they can apply ingenuity to build a viable business.

Program outcomes: Kids MBA fosters skills well beyond learning about starting and growing the business. Here are some of the benefits it has been shown to provide: creative thinking, teamwork, problem solving, self-confidence, persuasive speaking, leadership, critical assessment, engagement with other subjects. Throughout the program, pupils work together to gain confidence whilst developing a practical understanding of what running a business entails. This sparks a desire to build on their knowledge, supporting them in their business minded endeavours. The program's practical role-play style of learning stimulates imagination and creativity while showing pupils how all the subjects are interlinked. For example, developing and marketing, a new product requires skills drawn from a range of topics, such as marketing (Literacy), branding (Design and Technology) and pricing (Maths and Economics).

Kids MBA encourages students to relate entrepreneurship to other activities they enjoy and care about. This entrepreneur thinking can then be nurtured and developed throughout school life. We aim to produce entrepreneurs who are productive, innovative, and adaptable to whatever the future economy might hold.

The program content includes providing a solid foundation for financial literacy:

Business ideas and USP

Business plan and financials

Copyright,

Pricing & budgeting,

Marketing and sales

Communication and networking

Business structures

Bookkeeping and taxation

Leadership planning

Corporate responsibility

Sustainable development

Pitching to investors

Shark Tank (also known as Dragon's den)

Community engagement:

Shark Tank or Dragon's Den is the culmination of the program when local businesses or parents with their children will be invited for impartial judging.

The best presenter will then compete with other kids entrepreneurs at an international stage. First prize for the winner/winning team is \$1000 towards the future business and a fabulous winning cup.
